

# aroary

## Full Stack Software Developer

Website	<a href="http://www.aroary.com">www.aroary.com</a>	Stack Overflow	14284529
Phone	Given on request	GitHub	<a href="https://github.com/aroary">aroary</a>
Email	<a href="mailto:contact@aroary.com">contact@aroary.com</a>	Discord	aroary#0500

### Skills

- **Languages include:** [Node.js](#) [Python](#) [C++](#) [JavaScript](#), [HTML](#), [CSS](#), [Batch Script](#), [TypeScript](#)
- **Packages include:** [ExpressJS](#) [socket.io](#) [Electron](#) [EJS](#) [win32](#) [discord.js](#)
- **Tools include:** [GitHub](#) [git](#) [Visual Studio Code](#) [Visual Studio](#) [MSBuild](#) [Tesseract](#) [WordPress](#)

### Projects

#### Personal Website

- Designed a personal website for myself hosted on github pages with a custom domain.
- <https://github.com/aroary/aroary.github.io>
- <https://aroary.com>

#### Lorem Ipsum Extension

- Created a Visual Studios Code extension to genrate *lorem ipsum* for developers to add filler text to their aplications as a preview.
- [https://aroary.com/lorem\\_ipsum](https://aroary.com/lorem_ipsum)
- <https://marketplace.visualstudio.com/items?itemName=aroary.loremipsum>
- [https://github.com/aroary/lorem\\_ipsum](https://github.com/aroary/lorem_ipsum)

#### Discord Bots

- Learned to build discord bots using the [discord.js](#) package.
- Contributed to the creation and development of various Discord Bots as a *Freelance Discord Bot Developer*, as well as led other developer teams to create popular public bots .
- Created a Discord Bot interaction handler template for easily creating bots.
- <https://github.com/aroary/disaccord>

#### Joined GitHub

- Created my GitHub profile!
- <https://github.com/aroary>
- <https://aroary.com/aroary>
